A message from our principal

“

Every child who walks through our gates carries a universe of potential. Our mission — our sacred responsibility — is to see that potential, nurture it with care, and help each child discover who they truly are.

PRINCIPAL, DIVINE ENGLISH SCHOOL

For thirty-two years, Divine English School has been more than an institution. It has been a home for learning, a stage for growing, and a launchpad for life.

Thousands of children have passed through our classrooms — and every one of them has left with more than academic knowledge. They leave with confidence, character, and the ability to communicate, lead, and face the world with grace and resilience.

When you choose Divine English School, you are joining a community of dedicated educators, engaged families, and inspired young minds who believe that education is not a transaction — it is a transformation.

OUR STORY

Founded in 1994

Established under the BSSPM Educational Trust, Divine English School began with a singular vision: to create a school where every child receives an education that builds not just intellect, but character.

OUR PROMISE

Three Decades, One Mission

To nurture every child's unique potential, develop their confidence, sharpen their communication, and prepare them for a life of purpose, achievement, and compassion.

Playgroup

Ages 2.5–3.5

Nursery & KG

Ages 3.5–5.5

Grade 1-4

Early Primary

Grade 5-8

Upper Primary

WHY CHOOSE US

Seven reasons discerning parents choose us

Every school promises quality. Divine English School delivers something different — a complete education that shapes the whole child, from their first day in Playgroup to their last day in Grade 8.

01

Three decades of proven excellence

Since 1994, we have educated generation after generation of this city's children. Our experience means we understand child development, parent expectations, and the full arc of a child's growth. When you choose us, you choose a school that has stood the test of time.

02

Strong English communication from day one

In today's world, how your child communicates matters as much as what they know. We build confident English speakers through daily practice, presentations, and discussion — making language a living skill, not just a subject.

03

Individual attention — every child seen

Teachers here know every child by name — their learning style, their strengths, their challenges, their dreams. We adapt our approach to each student, ensuring no child is left behind or overlooked. Your child matters to us personally.

04

Values and character at the core

We teach children more than facts. We teach respect, responsibility, integrity, gratitude, and empathy. Academic marks are important — but who your child becomes matters more. A child with strong values will always find their way.

05

Activity-based, hands-on learning

Our classrooms are alive. Learning happens through projects, experiments, group activities, presentations, art, music, and exploration. Children don't just read about science — they experience it. This is how real learning becomes permanent.

06

Safe, nurturing, joyful environment

Parents tell us they feel it the moment they walk in — Divine English School feels different. Warm, safe, purposeful. Every child feels cared for, respected, and supported. We take child safety, emotional wellbeing, and positive culture seriously.

07

Holistic development — a complete education

We nurture academic growth, physical development, social skills, emotional intelligence, and creativity in equal measure. Our students don't just pass exams. They emerge as confident, well-rounded individuals who are ready for life — not just the next grade.

ACADEMIC EXCELLENCE

Strong foundations. Bright futures.

Academic excellence at Divine English School is not about pressure or rote memorisation. It is about building genuine understanding — so that children don't just remember what they learned, but carry it with them for life.

OUR PHILOSOPHY

Concept-Based Learning

We teach children to understand, not memorise. Every concept is introduced with context, explored through activity, and reinforced through application. Students who understand 'why' never forget 'what'.

OUR STRUCTURE

Progressive Curriculum

Our curriculum builds systematically from Playgroup through Grade 8 — each year strengthening the foundation laid before. Children progress with confidence because they are never rushed past a concept they haven't truly grasped.

English Language

Reading, writing, speaking, grammar, literature. English is not just a subject here — it is a life skill, taught with purpose and passion every single day.

Mathematics

From foundational numeracy to applied problem-solving. We build mathematical confidence through logical thinking and real-world application.

Science

Curiosity is the engine of discovery. Science is taught through observation, experimentation, and inquiry — not memorisation of textbook facts.

Social Studies

Understanding the world, community, history, and one's place in society. We teach children to think critically about the world around them.

Hindi & Marathi

Language connects culture. We ensure children are fluent in English while remaining grounded in their mother tongues and Indian identity.

Environmental Studies

Children learn to observe, appreciate, and care for the natural and social environment — building awareness and responsibility from an early age.

Our teachers don't just deliver lessons. They light a spark. They make children curious, ask questions, and think for themselves — because a curious child is an unstoppable learner.

HOLISTIC DEVELOPMENT

Nurturing the whole child

The greatest schools have always known: a truly educated child is curious, creative, confident, collaborative, and compassionate. Every programme and activity at Divine English School is designed to develop these qualities alongside academic excellence.

SPORTS & PHYSICAL EDUCATION

A fit body fuels a sharp mind

Physical education at Divine English School builds team spirit, discipline, resilience, and the ability to win and lose with grace. Children learn that effort, consistency, and sportsmanship matter far more than any score.

ARTS & CREATIVITY

Where imagination becomes expression

Through drawing, craft, music, dance, and drama, children find their creative voice. Creativity is not a luxury — it is a cognitive skill. The child who learns to think creatively becomes the adult who solves problems, innovates, and leads.

CELEBRATIONS & CULTURAL EVENTS

Joy is part of learning

Annual Day, Independence Day, Teachers' Day, Sports Day, and cultural programmes give children opportunities to perform, participate, and shine. These moments build confidence and create memories that last a lifetime.

FIELD VISITS & REAL-WORLD LEARNING

Learning has no walls

Educational excursions take children beyond the classroom to museums, historical sites, science centres, and community

spaces. When children see learning in the real world, they understand why it matters — and they never forget it.

STUDENT DEVELOPMENT PROGRAMMES

Confidence Building

Every child finds their voice. We create daily opportunities for students to speak, present, and participate — eliminating shyness and building self-assurance for life.

Leadership Training

Class responsibilities, event coordination, and group projects teach children to take initiative, guide peers, and lead with genuine accountability.

Communication Skills

Structured speaking exercises, debates, storytelling, and presentations prepare children to express themselves clearly in any setting — now and in adult life.

Life Skills

Organisation, time management, teamwork, problem-solving, and respectful communication are woven throughout every grade level from the very beginning.

A LETTER TO EVERY PARENT

The Divine Experience

Close your eyes for a moment. Imagine your child walking into school each morning — not with dread or anxiety, but with excitement. Eager to see their friends. Ready to discover something new. Confident to raise their hand, share their idea, and be heard.

Imagine a classroom where the teacher **knows your child's name**, notices when they're struggling, celebrates when they succeed, and never makes them feel small. A teacher who sees the potential in your child that you already see at home.

Imagine watching your child — who once whispered shyly in the corner — **stand on a stage, speak with confidence, and receive applause**. Imagine them coming home and telling you not just what they studied, but what they discovered, what they discussed, what they thought about.

Imagine a school where discipline is not about fear, but about **pride**. Where values are not enforced, but lived. Where 'respect' is not just a poster on the wall, but a practice in every classroom, every corridor, every interaction.

That is the Divine English School experience. This is what thirty-two years of education with intention looks like.

PARENT PARTNERSHIP

When schools and families work together, children thrive

At Divine English School, parents are not passive recipients of report cards. They are active partners in their child's education.

Regular Parent-Teacher Meetings

Structured PTMs keep you informed, involved, and aligned. You always know exactly where your child stands — and what we are doing together to help them grow.

Open Door Communication

Teachers and school leadership are accessible. We welcome your questions, concerns, and ideas. You should never feel you don't know what's happening with your child.

Progress Reports & Updates

Detailed, honest, and constructive feedback — not just marks, but observations about your child's character, participation, growth areas, and strengths.

"When I see my daughter come home excited about what she learned, when I see her speak confidently in front of others, when I see the values she has developed — I know we made the right choice."

PARENT OF A DIVINE ENGLISH SCHOOL STUDENT

OUR CORE VALUES

Character is as important as academics

Our values are not displayed on walls alone — they are practised in every interaction, every lesson, and every decision we make as a school community.

Respect

Every child, teacher, and family member is treated with dignity and care. Respect is the foundation of everything we do at Divine English School.

Responsibility

Children learn to own their actions, their learning, and their impact on those around them — building accountability from an early age.

Integrity

Honesty, authenticity, and doing the right thing even when no one is watching. We raise children of strong character, not just strong scores.

Discipline

Self-discipline is the foundation of success. We cultivate it through structure, routine, and respectful accountability — not fear or punishment.

Gratitude

Children learn to appreciate their opportunities, support their community, and contribute positively to those around them every single day.

Compassion

Kindness, empathy, and care for others. We raise children who are not only successful in their careers, but who are genuinely good human beings.

ADMISSIONS INFORMATION

Admissions open for AY 2026-27

HOW TO APPLY

- 1 Visit the school office during working hours
- 2 Collect and complete the admissions form
- 3 Submit required documents
